“ I miss you my brother, my friend, we lost touch with each other over the years, now I find myself searching for you, right here. What I didn't know was God was looking for you too. He found you first and called it your earthly end. Your body is without pain and your spirit is free to roam, as you await the gate to open to, your final resting place, your forever home. I pray the family finds peace knowing you are not alone, your parents, siblings and friends too, are waiting with you!

*Love always*
