“ We are so sorry for your loss. Even though we didn't get to know Don, he seemed like a very kind, caring father to Alana. I know you will make through this together. We are continuing to pray for both of you and the rest of his family. Love, The Harnois Family

“ Don was the most amazing man that I have had the pleasure of loving. He was a gentleman and a scholar. He had an impact on the lives of many and his memory will live on forever. Thank you for loving me and Cienna like your own. Thank you for trusting me in your last days. I always said, "no matter what", and you clearly believed that. God had bigger plans for you. So, watch over your children as only you can do. Until we meet again, forever in my heart. I love you, Baby... Monica

“ Rest In Peace, Don! You were such a patient, caring, and sweet person who only wanted the best for everyone! You helped me a lot when our paths crossed in Levittown! You would give anyone the shirt off of your back. I remember talking to you on the phone while you talked me off the ledge many times... the love you had for your daughter was incredible and admirable. My condolences to your entire family during this hard time. You will never be forgotten.

“ Don we have so many great and not so great memories. You were an amazing friend. Memories flow from back in 96 working at Boston market together to hanging out all the time. We may have went in different directions, but still stayed connected. My heart hurts for your children, and everyone else who has to face the hurt from you no longer being here. Until I see you up there!! Sleep easy Don!!

“ Don was one of the most genuine people I've ever met- always willing to help, listen, and uphold commitments. He was a very dear friend, fellow home group member, and I miss him everyday. I have nothing but great memories of Don and I hope he knows just how big of an impact he played in countless lives throughout his life. Fly high brother.

My condolences to you and your family especially Alana. Losing a dad is hurtful and it's not easy to deal with. I know because I was that way when my dad passed and still am.

“ I did not know Don very well. I do remember him coming to the waiting room after Alana was born in his scrubs to tell us the great news. He was so so happy and I could see the love pouring out of him. He loved her so much. It was very touching. I know Lori and Alana loved him so much. RIR.

“ My sweet little cousin, my one little professor. Like my father, your uncle Al, I have always loved you so very much. I too have always wanted needed to know more about you, your siblings our other cousins. Reach out as I might, I could never seem to reach far enough or often enough, and for that I apologize! in my heart you were the best of us! I will continue to pray for your family, especially Donald Jr and Alanna! I can not fathom this kind of pain. Farewell my little professor and thank you for all the lessons, especially this one. Tomorrow is still not promised, the end of the day is not even a promise, it never has been! I will do better to get to know the Johnson's even if I have to keep begging for info and answers, we are worth it, we always have been. It has always been our job to heal this family to mend the break! It's not to late, and for you today I promise I will keep being a pest and keep reaching out! My heart is breaking my sweet friend! Take those wings and do it all! Squeezing you tight and loving you more. Always and forever Cousin Lorrie

“ *Donald, this message is from Uncle Alray.  
I love and miss you. May God's angels take you under their wings up to heaven.  
I can see flash-backs of happy days gone by. Although we have not visit one another as often as we should have / could-have, my love was always there with you. To my great nephews and nieces, I'd truly would like to get to know you better. Let's make that happen.  
We all could use a "Family Healing". Much Love!
