“ *I would like to express my heartfelt condolences to the family of Jasmine Witherspoon, I have known Jasmine and was honor to have met her. She was a very beautiful person inside and out. She always made me feel as though I was apart of her feeling. We shared a lot amongst each and other with a little talks we used to say. I watched her strive to overcome any obstacles that came here way. She was an inspiring soul to watch. She fought the good fight and has earned her wings. God know that she was loved by so many but wanted his child back. She earned those wings and will leave a beautiful memories of her life experiences with us. To her beautiful and sweet daughter, her loving mother, Tasha and her siblings there is no greater love but to lose someone near and dear to your hearts. God allows us to know Jasmine for a period of time, leaning her to us. I can't express my deepest sympathy for you all. If there is anything that is needed from my family. Please don't hesitate in asking. Sending our love, Jennifer Anders and family.*
