“ I would like to express my sincere condolences to the entire family during this time. I pray that you find comfort in whichever memory makes you smile the most, whichever one makes you the happiest to have had her love, and I hope that you hold those memories closest to your heart. I will always remember BeBe for her passion to protect those she loved, her awesome sense of humor and for the profound love that she had for, her family and friends. For all of that and more, your presence will definitely be missed and I pray that you rest well Sis!
