“ My Family the Baileys grew up on Woodstock along with the Bushnell's. I was the sister Pat, Gene and Garry never had. Our families continue to live on Woodstock. We on Woodstock are not friends but family. Those that left come back often. We were a fun loving happy block growing up and we all remained friends. My brothers and I are heartbroken 💔 😞 over Gene's passing and we our Heartfelt sympathy 💔 goes out to the entire Family. Renee Bailey and Family 🙏❤️🙏❤️

“ Randy, also known as Mr. Randy by his many fans, was a truly wonderful person. I got to know him well while teaching at Wagner. He was always willing to work with me on whatever out of the box idea I had and never complained. He was a total team player even when it meant more work for him. He was always supportive of the teachers and the kids. My last year at Wagner, my classroom was across from his office and I bothered him relentlessly for help. He always offered it with a smile on his face. He was very appreciated by all of the students as well. At the end of my last year at Wagner, we made him a shirt that was signed by the students and he immediately hung it in his office. I hope he knew how very much we appreciated him. He was a unique and special person and we were lucky to know him. I am so very sorry about his passing.
